

ARC ENERGY TRUST

INFORMATION CIRCULAR - PROXY STATEMENT

FOR THE ANNUAL AND SPECIAL MEETING OF UNITHOLDERS TO BE HELD ON THURSDAY, MAY 12, 2005

SOLICITATION OF PROXIES

This Information Circular - Proxy Statement is furnished in connection with the solicitation of proxies by management of ARC Energy Trust (the "Trust"), for use at the Annual and Special Meeting of the holders (the "Unitholders") of trust units ("Trust Units") of the Trust (the "Meeting") to be held on the 12th day of May, 2005, at 3:30 p.m. (Calgary time) in the Belair Room at the Westin Hotel, 320 - 4th Avenue S.W., Calgary, Alberta, and at any adjournment thereof, for the purposes set forth in the Notice of Annual and Special Meeting.

The Trust has outstanding two types of securities that entitle holders to vote generally at meetings of Unitholders: Trust Units and special voting units ("Special Voting Units"). A Special Voting Unit was issued to Computershare Trust Company of Canada (the "Exchangeable Shares Trustee") as trustee under an amended and restated voting and exchange trust agreement for the benefit of holders of exchangeable shares ("Exchangeable Shares") issued by the Trust's wholly-owned subsidiary, ARC Resources Ltd. ("ARC Resources"). The Trust Units and the Special Voting Unit vote together as a single class on all matters. Each Trust Unit outstanding on the Record Date (as defined below) is entitled to one vote. The Special Voting Unit which is outstanding is entitled to one vote for each Exchangeable Share outstanding on the Record Date. The Exchangeable Shares Trustee is required to vote the Special Voting Unit in the manner that holders of Exchangeable Shares instruct, and to abstain from voting on the Exchangeable Shares for which the Exchangeable Shares Trustee does not receive instructions. The procedures for holders of Exchangeable Shares to instruct the Exchangeable Shares Trustee about voting at the Meeting are explained in the "Voting Direction for Holders of Exchangeable Shares" (the "Voting Direction") that has been provided to holders of Exchangeable Shares together with this Information Circular - Proxy Statement. See also the discussion under "Voting by Holders of Exchangeable Shares" contained in this Information Circular - Proxy Statement.

Instruments of Proxy must be received by ADP Investor Communications, 5970 Chedworth Way, Mississauga, Ontario, L5R 4G5, not less than 24 hours before the time for the holding of the Meeting or any adjournment thereof. Computershare Trust Company of Canada, the trustee of the Trust (the "Trustee") has fixed the record date for the Meeting at the close of business on March 31, 2005 (the "Record Date"). Only Unitholders of record as at that date are entitled to receive notice of the Meeting. Unitholders of record will be entitled to vote those Trust Units included in the list of Unitholders entitled to vote at the Meeting prepared as at the Record Date even though the Unitholder has since that time disposed of his or her Trust Units. No Unitholder who became a Unitholder after the Record Date shall be entitled to vote at the Meeting.

The instrument appointing a proxy shall be in writing and shall be executed by the Unitholder or his attorney authorized in writing or, if the Unitholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed form of proxy are directors or officers of ARC Resources. Each Unitholder has the right to appoint a proxyholder other than the persons designated above, who need not be a Unitholder, to attend and to act for the Unitholder and on behalf of the Unitholder at the Meeting. To exercise such right, the names of the nominees of

management should be crossed out and the name of the Unitholder's appointee should be legibly printed in the blank space provided.

NOTICE TO BENEFICIAL HOLDERS OF TRUST UNITS

The information set forth in this section is of significant importance to many Unitholders of the Trust, as a substantial number of the Unitholders of the Trust do not hold Trust Units in their own name. Unitholders who do not hold their Trust Units in their own name (referred to herein as "Beneficial Unitholders") should note that only proxies deposited by Unitholders whose names appear on the records of the Trust as the registered holders of Trust Units can be recognized and acted upon at the Meeting. If Trust Units are listed in an account statement provided to a Unitholder by a broker, then in almost all cases those Trust Units will not be registered in the Unitholder's name on the records of the Trust. Such Trust Units will more likely be registered under the name of the Unitholder's broker or an agent of that broker. In Canada, the vast majority of such Trust Units are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominees for many Canadian brokerage firms). Trust Units held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Unitholder. Without specific instructions, the broker/nominees are prohibited from voting Trust Units for their clients. The Trust does not know for whose benefit the Trust Units registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Unitholders in advance of unitholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Unitholders in order to ensure that their Trust Units are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Unitholder by its broker is identical to the form of proxy provided to registered Unitholders; however, its purpose is limited to instructing the registered Unitholder how to vote on behalf of the Beneficial Unitholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communications. ADP Investor Communications typically mails a scannable Voting Instruction Form in lieu of the form of proxy. The Beneficial Holder is requested to complete and return the Voting Instruction Form to them by mail or facsimile. Alternatively the Beneficial Holder can call a toll-free telephone number to vote the Trust Units held by the Beneficial Holder. ADP Investor Communications then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Trust Units to be represented at the Meeting. **A Beneficial Unitholder receiving a Voting Instruction Form cannot use that Voting Instruction Form to vote Trust Units directly at the Meeting as the Voting Instruction Form must be returned as directed by ADP Investor Communications well in advance of the Meeting in order to have the Trust Units voted.**

The foregoing discussion similarly applies to holders of Exchangeable Shares who do not hold their Exchangeable Shares in their own name. Only holders of Exchangeable Shares whose name appears on the records of ARC Resources as the registered holders of Exchangeable Shares are entitled to instruct the Exchangeable Shares Trustee as to how to exercise voting rights in respect of their Exchangeable Shares at the Meeting.

REVOCABILITY OF PROXY

A Unitholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has given a proxy attends at the Meeting in person at which such proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Unitholder or his attorney authorized in writing or, if the Unitholder is a corporation, under its corporate seal or by an

officer or attorney thereof duly authorized and deposited either at the head office of ARC Resources at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof, and upon either of such deposits, the proxy is revoked.

A holder of Exchangeable Shares who has submitted a Voting Direction may revoke it at any time prior to the Meeting. In addition to revocation in any other manner permitted by law a Voting Direction may be revoked by instrument in writing executed by the holder of Exchangeable Shares or his attorney authorized in writing or, if the holder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized and deposited at the office of the Exchangeable Shares Trustee at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the Voting Direction is to be acted upon, or with a representative of the Exchangeable Shares Trustee in attendance at the Meeting on the day of the Meeting or any adjournment thereof, and upon either of such deposits, the Voting Direction is revoked.

PERSONS MAKING THE SOLICITATION

The solicitation is made on behalf of management of the Trust. The costs incurred in the preparation and mailing of the Instrument of Proxy, Notice of Annual and Special Meeting and this Information Circular - Proxy Statement (as well as the Voting Direction) will be borne by the Trust. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of ARC Resources, who will not be specifically remunerated therefor.

EXERCISE OF DISCRETION BY PROXY

The Trust Units represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and, where the Unitholder specifies a choice with respect to any matter to be acted upon, the Trust Units shall be voted on any ballot in accordance with the specification so made.

In the absence of such specification, the Trust Units will be voted in favour of the matters to be acted upon. The persons appointed under the Instrument of Proxy furnished by the Trust are conferred with discretionary authority with respect to amendments or variations of those matters specified in the Instrument of Proxy and Notice of Annual and Special Meeting. At the time of printing this Information Circular - Proxy Statement, management of the Trust knows of no such amendment, variation or other matter.

VOTING BY HOLDERS OF EXCHANGEABLE SHARES

The Exchangeable Shares Trustee holds one Special Voting Unit of the Trust. The Special Voting Unit is entitled to a number of votes at the Meeting equal to the aggregate number of outstanding Exchangeable Shares. Each holder of Exchangeable Shares is entitled to give the Exchangeable Shares Trustee voting instructions for a number of votes equal to the number of that holder's Exchangeable Shares. A Voting Direction is the means by which a holder of Exchangeable Shares may authorize the voting of his or her voting rights at the Meeting. The Exchangeable Shares Trustee will exercise each vote only as directed by the relevant holder on the Voting Direction. In the absence of instructions from a holder as to voting, the Exchangeable Shares Trustee will not exercise those votes. A holder of Exchangeable Shares may also instruct the Exchangeable Shares Trustee to give him or her a proxy entitling him or her or a designee of the holder to vote personally the relevant number of votes or to grant to management of the Trust a proxy to vote those votes.

VOTING TRUST UNITS AND PRINCIPAL HOLDERS THEREOF

The Trust was formed pursuant to the provisions of the Trust Indenture dated May 7, 1996 and amended and restated as of May 16, 2003, between the Trustee and ARC Resources (the "Trust Indenture").

The Trust is authorized to issue 650,000,000 Trust Units. As at March 22, 2005, approximately 186,623,254 Trust Units were issued and outstanding. The Trust is also entitled to issue Special Voting Units. As at March 22, 2005, one Special Voting Unit had been issued to the Exchangeable Shares Trustee. The Special Voting Unit is entitled to one vote for each issued and outstanding Exchangeable Share. As at March 22, 2005 there were 1,743,395 Exchangeable Shares issued and outstanding. At the Meeting, upon a show of hands, every Unitholder present in person or represented by proxy and entitled to vote shall have one vote. On a poll or ballot, every Unitholder present in person or by proxy has one vote for each Trust Unit of which such Unitholder is the registered holder. All votes on special resolutions are by a ballot and no demand for a ballot is necessary.

When any Trust Unit is held jointly by several persons, any one of them may vote at the Meeting in person or by proxy in respect of such Trust Unit, but if more than one of them are present at the Meeting in person or by proxy, and such joint owners of the proxy so present disagree as to any vote to be cast, the joint owner present or represented whose name appears first in the register of Unitholders maintained by the Trustee is entitled to cast such vote.

To the best of the knowledge of the Trustee and the directors of ARC Resources, there is no person or corporation which beneficially owns, directly or indirectly, or exercises control or direction over Trust Units carrying more than 10 per cent of the voting rights attached to the issued and outstanding Trust Units of the Trust which may be voted at the Meeting.

The percentage of Trust Units of the Trust that are owned, directly or indirectly, by all directors and officers of ARC Resources as a group is 0.5 per cent (915,606 Trust Units). The percentage of Exchangeable Shares of the Trust that are owned, directly or indirectly, by all directors and officers of ARC Resources as a group is 62.0 per cent (1,080,204 Exchangeable Shares convertible into 1,850,011 Trust Units using the effective exchange ratio in effect on March 22, 2005 of 1.71265). Based upon the exchange ratio of 1.71265 in effect on March 22, 2005, directors and officers of ARC Resources as a group owned, directly or indirectly, securities of the Trust equivalent to 2,765,617 Trust Units or 1.5 per cent of the outstanding Trust Units and Exchangeable Shares of the Trust.

QUORUM FOR MEETING

At the Meeting, a quorum shall consist of two or more persons either present in person or represented by proxy and representing in the aggregate not less than 10 per cent of the outstanding Trust Units. If a quorum is not present at the Meeting within one half hour after the time fixed for the holding of the Meeting, it shall stand adjourned to such day being not less than fourteen (14) days later and to such place and time as may be determined by the Chairman of the Meeting. At such Meeting, the Unitholders present either personally or by proxy shall form a quorum. In the case of a meeting, at which a special resolution is under consideration, such adjournments are required to be for not less than 21 days and notice to be given at least 10 days prior to the date of the adjourned meeting.

APPROVAL REQUIREMENTS

All of the matters to be considered at the Meeting are ordinary resolutions requiring approval by more than 50 per cent of the votes cast in respect of the resolution by or on behalf of Unitholders present

in person or represented by proxy at the Meeting, except for the Trust Indenture Amendment Resolution which is a special resolution requiring approval of not less than 66 per cent of the votes cast in respect of the resolution by or on behalf of Unitholders present in person or represented by proxy at the Meeting.

MATTERS TO BE ACTED UPON AT THE MEETING

1. Appointment of Trustee of the Trust

The Trust Indenture provides that the Unitholders shall at each annual meeting, re-appoint or appoint a successor to the Trustee. 3. Trust Indenture Amendment Resolution

Management presented to the Board of Directors of ARC Resources a number of proposed amendments to the Trust Indenture and after considering such amendments, the Board of Directors of ARC Resources determined to place before Unitholders a special resolution approving amendments to the Trust Indenture in the form set forth as Schedule "A" hereto (the "Trust Indenture Amendment Resolution"). For additional information relating to the provisions of the Trust Indenture, a copy of the Trust Indenture is available on SEDAR (www.sedar.com). The principal matters to be considered are set forth below.

(a) *Redemption of Trust Units*

As a result of new guidance issued in 2004 for generally accepted accounting principles in the United States ("U.S. GAAP") regarding the financial statement presentation of the Trust Units, which are subject to the redemption provisions pursuant to the Trust Indenture, management has reviewed the redemption provisions of the Trust Indenture and provided the Board of Directors with various recommendations for amendments to the Trust Indenture. The new guidance required that Trust Units be classified as a liability, at redemption value, rather than be classified as unitholder's equity, at book value, in U.S. GAAP financial statements in order to highlight the future cash obligations attached to this type of security so as to distinguish it from permanent capital. Although similar guidance has been enacted in Canada, the Trust meets the criteria of such guidance to continue to reflect its Trust Units as unitholder's equity rather than as a liability.

Accordingly, the Trust Indenture Amendment Resolution includes amendments to the definition of ARC Resources Notes and the other redemption provisions in order to provide additional flexibility to the Trust in meeting any redemption obligations. In order for the Trust to maintain its status as a "unit trust" and as a "mutual fund trust" as defined in the *Income Tax Act* (Canada), Unitholders of the Trust may require the Trust to accept the surrender of Trust Units. The Trust Indenture currently provides that the redemption price is the lesser of 90 per cent of the weighted average trading price of the Trust Units on the Toronto Stock Exchange for the 10 day trading period following the tender of the Trust Units for redemption, and the closing price of the Trust Units on the Toronto Stock Exchange on the date the Trust Units were tendered for redemption. The Trust Indenture also provides that monthly redemptions up to \$100,000, subject to waiver by the Board of Directors, will be paid in cash and thereafter will be paid by the issuance of 6 per cent, subordinated, 15 year notes issuable by ARC Resources in an aggregate principal amount not exceeding \$500 million (the "ARC Resources Notes").

The Trust Indenture Amendment Resolution contains provisions which allow the Board of ARC Resources to provide for the payment of the redemption price with either ARC Resources Notes; or a pro rata portion of the assets of the Trust, net of any liabilities of the Trust; or a portion of some of the assets of the Trust which have a fair market value equal to the redemption price. The proposed revisions require payments other than cash to be made in the calendar quarter following the date of redemption as opposed to at the end of the following month. In addition, the amendments revise the interest rate payable from 6 per cent per annum to 4.5 per cent per annum and change the term of the ARC Resources Notes from 15 years to 20 years to accommodate prevailing market conditions and delete the provisions restricting the aggregate principal amount of the ARC Resources Notes to a maximum amount of \$500,000,000.

As with most other open-end funds like the Trust, it is anticipated that trading on the Toronto Stock Exchange and not the right of redemption would continue as the primary mechanism for Unitholders to dispose of their Trust Units.

The proposed revisions are more particularly set forth in the Trust Indenture Amendment Resolution under the heading "Redemption of Trust Units" and are intended to provide the Board of ARC Resources with sufficient flexibility in the manner of paying the redemption price to take into account any future internal reorganization of the assets of the Trust, changing market conditions and compliance with any applicable regulatory and tax provisions.

(b) *Non-Resident Holders*

As a result of announcements by the Federal Government in 2004 in relation to the current legislation governing mutual fund trusts and foreign ownership, management has reviewed the provisions in the Trust Indenture relating to non-resident holders. Management believes that non-resident ownership is less than 30 per cent and have provided the Board of Directors with various recommendations for amendments to the Trust Indenture in respect of this matter.

The Trust Indenture currently provides that the Trust will maintain its status as a unit trust and a mutual fund trust for the purposes of the Income Tax Act (Canada) and provides further that if at any time the Trust or ARC Resources becomes aware that the beneficial owners of 50 per cent or more of the Trust Units then outstanding are or may be non-residents, or that such a situation is imminent, that the Trust by or through ARC Resources on the Trust's behalf, shall take such action as may be necessary to ensure that the Trust maintains the status of a unit trust and a mutual fund trust.

The Federal Government has now deferred implementation of foreign ownership restrictions based upon a 50 per cent foreign ownership threshold. The proposed revisions to the Trust Indenture eliminate the reference to the 50 per cent non-resident ownership threshold and instead provide the Trust or the Board of Directors of ARC Resources with the ability to take steps to ensure the maintenance of the Trust as a unit trust and a mutual fund trust for the purposes of the Income Tax Act (Canada), including imposing restrictions on the issuance or transfer of a Trust Unit to a non-resident person. The amended provisions are contained in the Trust Indenture Amendment Resolutions under the heading "Non-Resident Holdings".

(c) *Offer for Units*

In conjunction with ongoing corporate governance reviews of the documentation relating to the Trust, management has proposed to the Board of Directors that the Trust Indenture be amended to provide a compulsory acquisition provision to assist offerors under take-over bids similar to those provided for in most corporation statutes in Canada. The provisions essentially provide that if an offeror makes an offer to acquire all outstanding Trust Units not otherwise owned by such offeror and such offer is accepted by Unitholders representing at least 90 per cent of such outstanding Trust Units within the time provided in the offer for its acceptance or within 45 days after the date the offer is made, then the offeror is entitled to acquire and those Unitholders who do not accept the offer are required to sell to the offeror, the Trust Units held by such non-accepting Unitholders for the same consideration per Trust Unit as was payable under the offer. As a result, dissenting unitholders who comprise less than 10 per cent of the outstanding Trust Units will not be able to frustrate an offeror who has acquired 90 per cent of the Trust Units of the Trust not otherwise owned by the offeror.

The provisions relating to this matter are contained in the Trust Indenture Amendment Resolution under the heading "Offer for Units".

(d) Quarterly Reporting

The Trust Indenture currently provides that unaudited quarterly financial statements will be mailed to registered unitholders. Recent amendments to securities legislation no longer require the Trust to send quarterly financial statements to registered holders. The Trust is required to ask holders annually if they wish to receive quarterly statements and allow holders to request them. Given broad access to quarterly financial information relating to the Trust on its website and through SEDAR (www.sedar.com), the Trust is proposing to amend the Trust Indenture to remove the obligation to mail quarterly financial statements and to have the applicable securities legislation, as may be in force from time to time, govern the sending of such quarterly statements. There is also currently an obligation in the Trust Indenture to mail updates to any forecasts provided by the Trust in an offering document. The Trust is also proposing to amend this requirement so that it will also be governed by applicable legislation in force from time to time.

The amended provisions relating to these matters are contained in the Trust Indenture Amendment Resolution under the heading "Quarterly Reporting".

4. Appointment of Auditors of the Trust

The Trust Indenture provides that the auditors of the Trust will be selected at each annual meeting of Unitholders. Accordingly, Unitholders will consider an ordinary resolution to appoint the firm of Deloitte & Touche LLP, Chartered Accountants, Calgary, Alberta, to serve as auditors of the Trust until the next annual meeting of the Unitholders.

REPORT ON EXECUTIVE COMPENSATION

The Human Resources and Compensation Committee's mandate is focused on overall human resource policies and procedures, including recruitment, compensation, benefit programs, training and development of personnel and succession planning. The Committee, among its other responsibilities, makes recommendations to the Board on the compensation of the President and Chief Executive Officer and approves and reports to the Board on the compensation of other executive officers and staff of ARC.

The Trust's compensation plan for all of its employees, including its executive officers continues to be comprised of three components: base salary, annual incentives and long-term incentives. In aggregate, these components are a part of a strategy designed to achieve the following:

- to attract and provide incentives which encourages the performance and retention of highly skilled and qualified employees;
- to align compensation with corporate performance and therefore unitholders' interest; and
- to encourage retention of key people for the succession of senior management.

The Trust is committed to paying for performance and recognizes the importance of attracting and retaining highly skilled and talented employees. The Trust participates in annual compensation surveys, conducted by independent consultants, of salary, benefits and other incentive programs of most major oil and gas companies in Canada. In addition, to ensure competitiveness, at various times the Trust has hired an independent compensation consulting firm to compare the various components of our compensation package to our peers.

In 2004, the Board approved a change in the Trust's long-term incentive compensation. For the previous five years the long-term component of compensation had consisted of the granting of trust unit incentive rights to directors, officers and employees as described in this document under the heading "Trust Unit Rights Plan". After carefully reviewing the old plan, current trends in long-term incentives and giving consideration to how to improve the alignment of the Trust's employees and unitholders' interests, the Board approved the adoption of a new trust unit award incentive plan. Under the new plan, an award of a cash amount, or its equivalent in Trust Units purchased in the market, replaces the award of rights. The new plan is more fully described later in this document under the heading "Long Term Incentive Plan".

The Trust maintains ownership guidelines for executive officers as a way of aligning executive and unitholder interests. The Chief Executive Officer is expected to own Trust Units representing three times annual base salary, while other executive officers are expected to own Trust Units representing two times base salary. In determining compliance with the guidelines, Exchangeable Shares are converted into Trust Units at the applicable exchange rate. For new officers, a time period of up to five years is provided to accumulate the required ownership. As of December 31, 2004 each executive was in compliance with the Trust Unit ownership guidelines.

The Trust's compensation plan for its executive officers consists of the same three components as the compensation plans for all other employees of the Trust. Total compensation for the executive officers was reviewed by the Human Resources and Compensation Committee and compared to the total compensation of similar positions for executives of other large Canadian conventional oil and gas trusts and mid-sized oil and gas companies with a view to ensuring that such overall compensation packages are competitive. This information is provided through an independent service provider whose expertise lies within the oil and gas compensation review. Total cash compensation is targeted at or above the 75th percentile of the comparative group of oil and gas companies for executive officers, including the Chief Executive Officer, who are meeting or exceeding all of the performance expectations for their roles. The compensation of the Chief Executive Officer is based on a broad range of performance criteria including the sustained corporate, operational and financial performance of the Trust over time, achievement of strategic objectives, visionary leadership and social responsibility. Bonuses are earned based on individual and corporate performance. The Committee intends to revisit the level of bonus awards for 2004 in May, 2005 taking into account the comparative peer information for 2004 which is then available.

The LTIP award granted to the Chief Executive Officer represents 110 per cent of base salary. 10 per cent of this award is issued in RTUs, which vest yearly, and the balance in PTUs, which vest three years after grant. The LTIP award granted to the Chief Financial Officer represents 90 per cent of base salary. The award is split with 20 per cent designated as RTUs and 80 per cent as PTUs. The balance of the executive officers received an award of 80 per cent of base salary with 35 per cent being issued as RTUs and 65 per cent issued as PTUs.

The foregoing report is respectfully submitted to Unitholders by the Human Resources and Compensation Committee, which consists of the following members of the Board:

John Stewart (Chair)
Frederic Coles
Mac Van Wielingen

Notes:

- (1) Threshold (#) is the minimum number of Units receivable.
- (2) Target (#) is the amount payable if the specified performance target is reached. The numbers set forth above are based on financial data for only three-quarters of the first year of the LTIP and resulted in a 1.73 multiplier for the PTU portion of the LTIP Awards.
- (3) Maximum (#) is the maximum number of Units payable.

Formula for Performance Trust Units: The calculation used for the performance multiplier is based on the percentile rank (of a selected peer group) for total return and other considerations.

Each Officer was granted Restricted Trust Units (RTU) and Performance Trust Units (PTU). For a further description of the Long Term Incentive Plan, please see the "*Long Term Incentive Plan*" below.

Trust Unit Incentive Rights Granted

The use of the Trust Unit Rights Incentive Plan was discontinued as of March 31, 2004 and no new rights were issued to the Named Executive Officers in 2004, nor will be issued in the future.

TRUST UNIT RIGHTS INCENTIVE PLAN

The trust unit rights incentive plan (the "Plan") as described below is being replaced by the Long Term Incentive Plan as defined and described under "Long Term Incentive Plan". No further rights were issued under the Plan after March 31, 2004 and the terms of any outstanding rights will remain unchanged.

The Board of Directors of ARC Resources and Unitholders have approved the Plan for directors, officers, employees or consultants of ARC Resources which permits the granting of rights to purchase up to a maximum of 8,000,000 Trust Units. The number of rights and the exercise price thereof is set by the Board of Directors of ARC Resources at the time of grant provided that the exercise price shall not be less than the closing market price of the Trust Units on the day immediately preceding the date of grant. The holder of Rights is entitled to participate in distributions which exceed 10 per cent of the Trust's net Property, Plant and Equipment account on its balance sheet on an annualized basis. Distributions per Trust Unit to Unitholders in a calendar quarter which represent a return of more than 2.5 per cent of the Trust's net book Property, Plant and Equipment at the end of such calendar quarter result in a downward reduction in the exercise price of the Rights at the election of the holder of Rights by notice to ARC Resources at the time of exercise of the Right. The Incentive Plan is administered by the Board of Directors who may also vary the 2.5 per cent threshold from time to time to accord with their view of the economic environment, establish a minimum price for the issuance of Trust Units on the exercise of the Rights and extend the exercise period of any Rights to a period not exceeding ten years.

The Trust issued 27,000 rights to employees during the first quarter of 2004 to purchase Trust Units.

The following sets forth information in respect of securities authorized for issuance under ARC Resources' equity compensation plans as at December 31, 2004.

LONG TERM INCENTIVE PLAN

The board of directors (the "Board") of the Corporation has approved the adoption of a unit award incentive plan (the "Long Term Incentive Plan") of the Trust which authorizes the Trust to grant awards ("Unit Awards") of restricted Units ("RTUs" or "Restricted Awards") and performance Units ("PTUs" or "Performance Awards") to directors, officers, employees and consultants ("Service Providers") of the Trust and its affiliates. Restricted Awards vest annually over a three-year period and, upon vesting, entitle the holder to receive an amount in cash equal to the aggregate current market value (based on the closing price of the Units on the TSX on the trading day immediately preceding the vesting date of the Units) of the number of Units subject to the Restricted Award. Performance Awards vest on the third

anniversary of the date of grant and, upon vesting, entitle the holder to receive an amount in cash equal to the aggregate current market value (based on the preceding 10 day weighted average closing price of the Units on the TSX) of the number of Units subject to the Performance Award, which is dependent principally on the Total Unitholder Return (as defined in the Long Term Incentive Plan), among other considerations, relative to a peer comparison group of oil and gas income trusts and other companies. The Long Term Incentive Plan has been adopted by the Board to replace the Trust's existing Trust Unit Rights Incentive Plan.

Each Restricted Award will entitle the holder to receive an amount in cash equal to the aggregate current market value of the number of Units designated in the Restricted Award and such Units will vest and the cash value will be delivered as to one-third on each of the first, second and third anniversary dates of the date of grant. Each Performance Award will entitle the holder to receive on the third anniversary of the date of grant an amount in cash equal to the aggregate current market value of the number of Units designated in the Performance Award multiplied by a Weighted Performance Multiplier (as defined in the Long Term Incentive Plan), which is based principally on the percentile rank of the Trust's Total Unitholder Return relative to returns on trust units or common shares of members of a selected peer comparison group over the term of the Performance Award. If the percentile rank is less than 25, the contribution of the performance measure to the weighted Performance Multiplier is zero and if the percentile rank is equal to or greater than 75, the contribution of the performance measure to the Weighted Performance Multiplier is two.

Recipients of the Unit awards may direct the cash payout to a specified brokerage firm to purchase Trust Units on the market, on the recipients' behalf. The Trust has agreed to pay all of the commissions and brokerage fees associated with such purchased Trust Units.

The Long Term Incentive Plan provides for cumulative increases to the cash or number of Units to be paid pursuant to the Unit Awards on each date that distributions are paid in respect of the Units by an amount equal to a fraction having as its numerator the amount of the distribution per Unit multiplied by the number of Units designated immediately prior to the distribution payment date and having as its denominator the fair market value of the Units on the trading day immediately preceding the distribution payment date. Fair market value is the weighted average trading price of the Units on the TSX for the ten (10) days on which the Units traded immediately preceding such date.

In the event of a Change in Control of the Trust (as defined in the Long Term Incentive Plan), the vesting provisions attaching to the Unit Awards are accelerated and all unexercised Unit Awards will be paid immediately prior to the date upon which the Change of Control is completed. The Long Term Incentive Plan also provides for the vesting and/or termination of Unit Awards in the event of the cessation of employment or death of a holder.

The cost of the Long Term Incentive Plan to the Trust will be expensed in the Trust's financial statements on an annual basis.

EMPLOYMENT CONTRACTS

The President and Chief Executive Officer and the other Named Executive Officers of ARC Resources are subject to terms of employment which continue indefinitely and provides for payment of the executive's annual base salary and participation in certain of the benefits provided by ARC Resources. For information in relation to the salary, bonus and other benefits, see "Executive Compensation – Summary Compensation Table", "Executive Compensation – Long Term Incentive (LTIP) Awards" and "Executive Compensation – Aggregate Trust Unit Incentive Rights Exercised and Year-End Values". Prior to the management internalization process there were formal management contracts with the

manager. On January 1, 2005, the President and Chief Executive Officer and the other Named Executive Officers of ARC Resources entered into formal employment contracts which provided the continuation of benefits provided in the former contracts. Among other things, such benefits provided that employment may be terminated without cause upon payment of a termination payment equal to 24 months for the President and Chief Executive Officer and 18 months for each of the other Named Executive Officers, of the annual base salary as at the month immediately preceding the termination date and an amount equal to 1/24 of all bonuses awarded to the executive in the 24 month period ending with the month in which the executive most recently received a bonus, multiplied by the sum of 24 for the President and Chief Executive Officer, and, multiplied by 18 for each of the other Named Executive Officers, plus the number of months since the executive's most recent bonus and also provide for termination payments upon the occurrence of other events such as a change of control subject to certain conditions.

Under the terms of the management internalization transaction on August 28, 2002, each executive was entitled to the payment of a retention bonus in the amount of \$750,000 (\$1,500,000 in the case of the President and Chief Executive Officer only), with bonus payable as to one-fifth on September 1 of each year starting in 2003 and ending in 2007, if the executive is still an employee of ARC Resources (or an affiliate thereof or of the Trust) at the applicable payment date, provided however that any amount of the retention bonus which has not been paid shall be paid in full in the event of a change of control (as defined in the applicable agreement) of the Trust or ARC Resources on or as soon as reasonably possible after the occurrence of the change of control. As at December 31, 2004, retention bonuses aggregating \$3,000,000 remained payable to executives.

CORPORATE GOVERNANCE

General

In 1995, the Toronto Stock Exchange (the "TSX") adopted a set of guidelines which were revised in 1999 (the "Guidelines") relating to corporate governance matters. The Guidelines address such matters as the constitution and independence of boards of directors, the functions to be performed by boards and their committees, and the relationship among a corporation's board, management and shareholders. The TSX has prescribed that all corporations listed on the TSX must annually disclose their approach to corporate governance with specific reference to each of the Guidelines.

Set out below is a description of the Trust's corporate governance practices, some of which are provided by the terms of the Trust Indenture and others of which are established by the Board of Directors of ARC Resources.

Corporate Governance Guidelines	The Trust's Alignment	Commentary
1. The Board of Directors should explicitly assume responsibility for stewardship of the Company, including the following matters:	Yes	<p>The mandate of the Board of Directors of ARC Resources (the "Board") expressly accepts responsibility for overseeing the operation of the business and supervising management of ARC Resources, the other subsidiaries of the Trust and the Trust to the extent delegated to ARC Resources under the Trust Indenture. In general terms, the Board, in consultation with the chief executive officer of ARC Resources (the "CEO"), defines the principal objectives of the Trust and monitors the management of the business and affairs of the Trust with the goal of achieving the Trust's principal objectives.</p> <p>The Board approves all significant decisions that effect the business prior to implementation and reviews the results.</p>
a. adoption of a strategic planning process	Yes	<p>The Board has assumed responsibility for the adoption of a strategic planning process through its review of forecasts and capital budgets from time to time, and approval of strategic plans which take into account, among other things, the opportunities and risks of the business. This review is performed on an annual basis and also in connection with material transactions undertaken by the Trust. At least one board meeting per year is devoted to discussing and considering the strategic plan, which takes into account the risk and opportunities of the business.</p>
b. identification of principal risks, and implementing risk management systems	Yes	<p>The Board and the Audit Committee perform the functions of identification of the principal risks of the business of the subsidiaries of the Trust; the implementation of appropriate systems to manage these risks and the review of the integrity of the internal controls and management information systems of the subsidiaries of the Trust. Directly and through the Audit Committee, the Board monitors and receives periodic reports respecting operations, internal controls and business risks from the management and the external auditors.</p>
c. succession planning and monitoring senior management	Yes	<p>The Board is responsible for monitoring and reviewing the performance of the CEO and senior leadership team and for ensuring adequate succession for their positions. The Human Resources and Compensation Committee is specifically mandated to ensure that appropriate executive succession planning and performance evaluation programs are in place and operating effectively. The Human Resources and Compensation Committee and the board conducts an annual review of the performance of the CEO. Senior leadership team performance evaluations are undertaken annually, by the CEO. The Human Resources and Compensation Committee in conjunction with the CEO and Human Resources Manager of the Trust will continue to develop a succession plan for senior management. The succession plan encompasses the identification of key roles and responsibilities and the planned development of certain individuals to fulfill those roles in the future. ARC Resources encourages senior management and other employees to participate in professional and personal development activities, courses and programs. The Board supports management's commitment to training and developing all employees.</p>

Corporate Governance Guidelines	The Trust's Alignment	Commentary
d. communications policy	Yes	The Board endeavours to ensure open, accessible and timely disclosure to Unitholders and the public respecting the business, affairs and performance of the Trust in full compliance with all applicable legal requirements and has approved a formal disclosure policy for the Trust. The Board, directly or through the Audit Committee, approves major compliance and communication documents, including financial statements and management's discussion and analysis included in annual and quarterly reports, financing documents and other disclosure documents. The Audit Committee reviews financial risk management issues and the procedures to ensure the accurate and timely reporting of the Trust's financial and operating results to Unitholders.
e. integrity of internal control and management information systems	Yes	The Board is specifically mandated to ensure processes are in place to monitor and maintain the integrity of the Trust's financial reporting, internal control and management information systems and performs this function through its regular board meetings and through the activities of the Audit Committee in consultation with the management of ARC Resources.
2. Majority of directors should be "unrelated", and how these conclusions were reached	Yes	The Board is presently comprised of eight (8) members. The Board has determined after an analysis of all of the relationships of the directors with the Trust, ARC Resources and other subsidiaries of the Trust that seven (7) of its directors are "unrelated directors" within the meaning of the TSX Report. Mr. Dielwart is the President and CEO of ARC Resources and is therefore not unrelated. The remaining unrelated directors comply with the definition in the TSX Report which defines an unrelated director as a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the Trust, other than interests arising from holdings of Trust Units. The Trust does not have a significant Unitholder. For additional information about each director, see "Election of Directors of ARC Resources".

Other Activities of the Board of Directors of ARC Resources

The Board of Directors holds regularly scheduled meetings at least quarterly to perform its responsibilities, including those specific responsibilities delegated to it under the Trust Indenture which includes substantially all management matters related to the Trust or adopted by the Board. In particular, significant operational decisions and all decisions relating to: (i) the acquisition and disposition of properties for a purchase price or proceeds in excess of an amount established by the Board of Directors

from time to time; (ii) the approval of capital expenditure budgets; and (iii) establishment of credit facilities are made by the Board of Directors of ARC Resources. In addition, the Trustee has delegated certain matters to the Board of Directors of ARC Resources including all decisions relating to: (i) matters relating to any offers for Trust Units; (ii) issuances of additional Trust Units; and (iii) the determination of the amount of distributable income.

The Board of Directors and its committees has access to senior management on a regular basis as Mr. Dielwart, the Chief Executive Officer, is a director and attends all meetings of the Board of Directors along with other executive officers who are invited to attend directors meetings to provide necessary information to facilitate decision making activities.

The Board of Directors and the Board Governance Committee have developed position descriptions for the Chairman of the Board and the Chief Executive Officer with a view to ensuring that the Board of Directors can operate efficiently on a fully informed basis independent of management. As such, the Chief Executive Officer reports directly to the Board of Directors. The Board has determined that none of the directors who serve on its committees has a material relationship with ARC that could reasonably interfere with the exercise of a director's independent judgment. The Chairman of the Board is an independent director and, in conjunction with the Vice-Chairman, is responsible for managing the affairs of the Board and its committees, including ensuring the Board is organized properly, functions effectively and independently of management and meets its obligations and responsibilities.

The Board, in part, performs its mandated responsibilities through the activities of its five committees: the Audit Committee, the Board Governance Committee, the Health, Safety and Environment Committee, the Human Resources and Compensation Committee and the Reserve Committee, all of which are entirely comprised of unrelated directors.

Other Matters Relating to the Audit Committee

All of the members of the Audit Committee are independent and financially literate. For more information relating to the background of the Audit Committee members, see "Matters to be Acted Upon at the Meeting – Election of Directors of ARC".

The Audit Committee pre-approves all non-audit services performed by the Trust's external auditor. The aggregate fees billed by the Trust's external auditor for audit services in 2004 was \$235,000 and in 2003 was \$433,700. In addition, there was \$43,400 in 2004 and \$25,100 in 2003 billed by the Trust's external auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Trust's financial statements. The services for the fiscal year ended December 31, 2003 related to the management internalization transaction and the services for the fiscal year ended December 31, 2004 related to the French translation of certain publicly filed financial documents.

The external auditor also billed \$77,200 in 2004 and \$74,000 in 2003 for tax compliance, tax advice and tax planning.

Code of Business Conduct and Ethics

In 2004, ARC Resources revised and distributed to all of its directors, officers and employees a code of business conduct and ethics dealing with business integrity, accuracy of records and reporting, conflicts of interest, insider trading, protection and proper use of the Trust's assets, reporting of illegal or unethical behavior and other matters. Employees are required to contact the Chair of the Audit Committee in relation to any concerns as to questionable accounting, auditing or financial reporting. The

code specifically addresses standards of conduct for senior financial officers and requires a yearly affirmation of compliance. The code is available on the Trust's website at www.arcresources.com.

INDEBTEDNESS OF DIRECTORS AND SENIOR OFFICERS AND OTHERS

There is not, and has not been, any indebtedness outstanding from directors or senior officers of ARC Resources or directors or senior officers of the Manager or the Trustee to the Trust or ARC Resources in fiscal 2003 or 2004.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

There were no other material interests, direct or indirect, of directors or senior officers of ARC Resources or directors and senior officers of the Manager, nominees for director of ARC Resources, any Unitholder who beneficially owns more than 10 per cent of the Trust Units of the Trust (or any director or executive officer of any such Unitholder), or any known associate or affiliate of such persons, in any transaction during 2004 or in any proposed transaction which has materially affected or would materially affect the Trust or ARC Resources or any of their subsidiaries other than as disclosed herein.

and subject to such other standard terms and conditions as would be included in a note indenture for promissory notes of this kind, as may be approved by the board of directors of ARC Resources;

- (b) Section 18.5 of the Trust Indenture be deleted and replaced with the following:

18.5 Limitation Regarding Cash Payment of Market Redemption Price

Section 18.4 shall not be applicable to Trust Units tendered for redemption by a Unitholder if the total amount payable by the Trust pursuant to Section 18.4 in respect of such Trust Units and all other Trust Units tendered for redemption in the same calendar month exceeds \$100,000; provided that ARC Resources may, in its sole discretion, waive such limitation in respect of any calendar month. NON-RESIDENT HOLDERS

- (c) Section 3.8 of the Trust Indenture be deleted and replaced with the following:

3.8 Non-Resident Holders

It is in the best interest of Unitholders that the Trust qualifies as a "unit trust" and a "mutual fund trust" under the *Tax Act*. Accordingly, it is intended that the Trust comply with the requirements under the *Tax Act* for "unit trusts" and "mutual fund trusts" at all relevant times such that the Trust maintain the status of a unit trust and a mutual fund trust for purposes of the Tax Act. In this regard, the Trust, by or through ARC Resources on the Trust's behalf, may, from time to time, among other things, take all necessary steps to monitor the activities of the Trust and ownership of the Trust Units. If at any time the Trust or ARC Resources becomes aware that the activities of the Trust and ownership of the Trust Units by Non-Residents may threaten the status of the Trust under the *Tax Act* as a "unit trust" or "mutual fund trust", the Trust, by or through ARC Resources on the Trust's behalf, is authorized to take such action as may be necessary in the opinion of ARC Resources to maintain the status of the Trust as a unit trust and a mutual fund trust, including the imposition of restrictions on the issuance by the Trust, or the transfer by any Unitholder, of Trust Units to a Non-Resident. For the purposes of this Section, "Non-Residents" means non-residents of Canada and partnerships, other than Canadian partnerships, within the meaning of the *Tax Act*.

 - (iii) send to each Dissenting Unitholder who has not complied with Subsection (d) a notice stating that:
 - (A) his or her Trust Units have been transferred to the Offeror;

- (B) the Trustee or some other person designated in such notice is holding in trust the consideration for such Trust Units; and
- (C) the Trustee, or such other person, will send the consideration to such Dissenting Unitholder as soon as practicable after receiving such Dissenting Unitholder's Trust Unit Certificate(s) or such other documents as the Trustee, or such other person may require in lieu thereof;

and the Trustee is hereby appointed the agent and attorney of the Dissenting Unitholders for the purposes of giving effect to the foregoing provisions.

- (h) An Offeror cannot make an Offer for Trust Units unless, concurrent with the communication of the Offer to any Unitholder, a copy of the Offer is provided to the Trust.
