

Environment Policy

Mission

ARC Resources Ltd. is committed to conducting our business in a manner that safeguards the environment. This commitment is reinforced through the promotion of a culture in which all ARC employees and contractors participate and share ownership in environmental management. A company wide commitment to environmental performance allows us to grow the value of our business responsibly.

Values

- Exhibit leadership by excellent performance in environmental matters
- Meet or exceed applicable laws, regulations, industry standards, and stakeholder requirements
- Be prepared for emergencies that can threaten the environment
- Ensure that our employees and contractors are aware of and act in accordance with our policies and procedures
- Ensure that all employees, contractors, and visitors are well informed, trained, engaged and committed to improving our environmental management system
- Operate our business to ensure proactive risk mitigation and continuous improvement
- Maintain and continuously improve our comprehensive environmental management system
- Operate and report within the CAPP Stewardship framework
- Provide the necessary resources and tools to meet our environmental objectives
- Consult with key stakeholders on issues related to the environment
- Audit and inspect our operations as part of continuously improving our environmental management system

Accountability

Management

- Demonstrate ARC's commitment to achieving environment excellence
- Ensure compliance to ARC's Environment policy
- Ensure employees are provided with standards, procedures, processes, tools and other resources necessary to conduct their work in an environmentally responsible manner

Supervisors

- Ensure worker adherence to safe work practices and procedures
- Provide supervision, instruction and training as they relate to work activities
- Ensure employees are knowledgeable of the hazards and risks associated with their jobs
- Ensure employees are competent to conduct work in an environmentally conscious manner

Employees, Contractors, and Visitors

- Compliance with relevant acts, codes, regulations, standards and procedures
- Take all reasonable steps to protect the environment
